3.4 Study Procedures

The names of all Palestinian suicide martyrs (Istishhadiyin) in the West Bank and Gaza Strip (Table no. 79) were obtained from “Mu’asasat Ri’ayat Usar Ashuhada Wal Jarha” (Foundation Care/Families of Martyrs & Wounded) in Palestine. This took place following coordination between the Institute and the researcher in formal correspondence through the supervisors on the study (Appendixes no. E-G).

The Institute president Ms. Intesar Al-Wazeer facilitated my mission and designated a coordinator for my study Ms. Shama Washah - her Office Director in Gaza Strip; this was due to the fact that this study involves a very important aspect of the Palestinian national struggle (Appendix no. H). Following the completion of the study tools, the researcher with the participation of a skilled field team which consisted of seven researchers (Appendix no. I) completed the data collected from the families of the suicide martyrs and their relatives in the West Bank; they were one hundred fifty one families. The researcher also conducted fourteen in-depth individual and collective video taped interviews with the members of the suicide martyr family, randomly selected from the pool of two hundred suicide martyrs. The data collected averaging more than two hours each, took place in the houses of the suicide martyrs families. This technique allowed the researcher to obtain comprehensive and triangulated information about each case, especially the additional material, such as videotapes, wills that the suicide martyrs left behind (Appendixes no. P), posters (Figures no. 70-71) as well as their factions’ formal statement (Appendixes K-M). These supplementary materials help to assess the accuracy of some answers and provide a deeper understanding of the social, political, and economic background of the suicide martyrs (Istishhadiyin).

As for Gaza Strip which is completely separated from the West Bank and after the Israeli authorities refused to allow me to enter into Gaza to collect data, the process of data collection was carried out in coordination with “Mu’asasat Ri’ayat Usar Ashuhada Wal Jarha” (Foundation Care/Families of Martyrs & Wounded) under the supervision of a trained, experienced coordinator Ms. Shama Washah who completely supervised the process through a specialized field team which consisted of ten researchers (Appendix no. J) after I had trained them on the research tools through video conferencing in the presence of Dr. Khader Musleh the second supervisor of the study. The research team visited all the suicide martyrs’ families and their relatives adding up two hundred twenty two families based on the recommendations of the “Mu’asasat Ri’ayat Usar Ashuhada Wal Jarha” (Foundation Care/Families of Martyrs & Wounded) for the sake of sorting suicide martyrdom operations in Gaza Strip in accordance with the study definition; they were forty nine cases.

The process of data collection was carried out in the period from 15 June–20 December 2008. The families of the suicide martyrs and their relatives were very cooperative. Tables' number (2-6) showed below present the main characteristics of the respondents.

Appendix E. Facilitating Mission Letter to the Foundation Care/Families of Martyrs & Wounded in Gaza

**Dear Mrs. Intesar Al-Wazeer,
President of Foundation Care/ Families of Martyrs & Wounded
Gaza-Palestine.**

This is to certify that Mr. Bassam Banat, a Palestinian student in the PhD program “Análisis Sociopolítico de la Sociedad Contemporánea” in Social Sciences, at the Faculty of Politics and Sociology, University of Granada, Spain, is carrying a social survey titled: “Palestinians Martyrdom: Facts And Figures from the View Point of their Families and Relatives” as part of partial fulfilment for the requirement to obtain a Doctorate in Social Sciences.

I highly appreciated your help in facilitating his mission in this important subject, which will have a good return for the Palestinian Society and the scientific research.

Dear Professor Margarita Latiesa
Dean of Political and Sociology Faculty
Granada University

This is to certify that there is a full cooperation between the Foundation Care/Families of Martyrs & Wounded and the Palestinian student Bassam Banat in the PhD programmed "An'alisis de la Sociedad Contempor'anea" in Social Sciences, at the Faculty of Politics and Sociology, University of Granada. Mr. Banat has been given a list of all of the Palestinian Martyrs and the way they implemented the martyrdom operations. We highly appreciated such a very important study in the Palestinian struggle and issue. We are ready for any help to facilitate Mr. Banat mission in his study, which will have a good return for the Palestinian Society and the social research.
